SGO Scholarships

Scholarships are funded by private, charitable donations and awarded by a certified Scholarship Granting Organization (SGOs), such as Scholarships for Education Choice, to students at qualifying schools in grades Pre-K-12 in Indiana.

→ Your child may be eligible for both an Indiana State Tax Credit Scholarship and a Federal Tax Credit Scholarship.

Your child may also receive a Choice Scholarship (Voucher) if your school participates in the program. The total of all three scholarships cannot exceed the total of tuition and fees for the year.

We work with schools to verify that students are eligible and ensure that scholarships are awarded in a manner that does not discriminate. The award amount is ultimately determined by the school, based on their financial aid policies.
